

### As Historians we will...

discover how Isaac Reckitt developed a family run business, from humble beginnings, to the global leader that it is today.

Find out about the involvement of Thomas Ferens, who became managing director of the company.

Learn how Isaac's background as a Quaker fed into

his nurturing attitude towards staff, even down to building quality homes for the workers.

### As Scientists we will...

gain an understanding of scientific processes involving materials, such as separating solutions and mixtures, changing states and reversible and irreversible changes. Through observations, investigations and measurements, we will begin to identify, classify and group a variety of materials and processes, record and present our findings in different ways and use our new knowledge to interpret, evaluate and pose new questions to extend our learning further.

### In PE we will...

be learning about movement and performance with special tutoring from NAPA.

### In Jigsaw we will...

Explore the theme, 'Healthy Me'.

### Key Vocabulary

consumer     Dettol     Gaviscon  
household     laboratories     Quaker

## Year 5 - Spring 2023

### Hull means business!

### In the Arts we will...

experiment with layering media by mixing a combination of drawing media: drawing, collage and print. We will explore new drawing techniques and continue to develop our use of colour and imagination.

### In RE we will...

Explore the question, 'Faith in Action—What are the challenges?'

### As Readers we will...

Continue reading the text, *The Mystery of the Colour Thief* and will develop our comprehension skills by using evidence from the text to support our predictions, opinions and answers.

### As Mathematicians we will...

continue our work on calculating decimal fractions before moving on to Factors, multiples and primes. Finally, we will begin to explore calculating with composite numbers.

### As Writers we will...

explore and experiment with the features of a cinquain poetry. Use a range of punctuation and grammar to plan, create and develop our own suspense story.

### In Computing we will...

continue to understand variables in our coding projects.  
Learn how computers are connected and how a network works, as well as discussing the impact of sharing content online.
